

The Massachusetts Equine Clinic  
Fecal Parasite Test Form

Follow the steps below to submit a fecal sample:

1. Print out form
2. Complete all required information
3. Bring completed form along with one fecal ball to our clinic. Fecals must be dropped off during business hours (Sample should be no more than 12 hours old at time of collection and may be refrigerated up to 48 hours.)
4. Fecal Tests are \$22.00 per horse
5. The results will be delivered directly to your veterinarian who will contact you to discuss a deworming strategy.
6. Please allow 48-72 hours for results

**To Determine Efficacy of a Dewormer**

Fecal tests should be performed 10 to 14 days post de-worming

**To Determine Egg Shedding Status**

**Test All Horses based on this protocol**

8 weeks after Anthelcide, Panacur or Strongid  
12 weeks after Ivermectin  
16 weeks after Quest
